

WarrenCare News – EXTRA

Welcome to an extra copy of our regular WarrenCare News. We have some good news to share that we couldn't wait until the regular issue to tell you about. Read below for more details:

WarrenCare nominated for two awards at Great British Care Awards Regional Final!

WarrenCare are very proud to announce that we have once again received nominations for the Regional Final of the Great British Care Awards.

The Great British Care Awards is an opportunity to reward those in the care sector for their hard work through a series of regional events throughout England, paying tribute to those individuals who have demonstrated outstanding excellence within their field of work.

We were honoured last year to be nominated for and win The Dementia Carer Award.

Our nominees this year are Christine Adams, a Carer who based in the Wirral branch of WarrenCare, and Michelle Francis, Registered Manager of WarrenCare. Christine has been nominated for The Home Care Worker, and Michelle Francis has been nominated for the Home Care Registered Manager Award.

Christine and Michelle have been invited to attend the North West Regional Awards Ceremony at the glamorous Palace Hotel, Manchester on 1st November. Winners of Regional Finals will then enter the National Final, to be held in a London venue in 2015.

We will keep you posted on the outcome, but we're sure you will join us in giving your congratulations to Christine and Michelle on their nominations and the best of luck on the big night.
